Jim Mulligan

Since 2005, Susan and I have been part time residents of Angel Fire (AF). Normally we spend one month in the winter and three or four months in the summer in AF. I'm a member of the AFMGA, the Trekkers and Holy Angels Catholic Church. Our other residence is in Dallas where we recently moved from Houston so we could be closer to grandchildren and Angel Fire. We love the friendships we have in Angel Fire and as the area continues to grow and improve I would like to be a more active participant in the community. I feel my experience could be of assistance to the AAFPO Board in the areas of organization, planning and communications.

I have a degree Business Administration from St. Mary's University and I'm a graduate of the Harvard Program for Management Development. I served three years in the Army as an Artillery Officer. Most of my career was with Texas Eastern, a diversified energy Corporation, where I was Vice President of Human Resources. Also I served as Senior Director of Human Resources for a cable television company with franchises around country and as Vice President of Business Development for a management consulting firm. I have served on the Board of Directors for numerous non profit and professional organizations.
