

Wm. Kent Smith

I was born and raised in south Texas, earned a BA degree in Government and Economics from Texas A&M Kingsville and a JD degree from the University of Houston. I am Board Certified in Estate Planning and Probate and was a founding partner of a multiple office estate planning law firm in Texas. Currently I am the Assistant Director of Planned Giving-Western Region for the National Rifle Association. Mary and I built our home in Angel Fire in 1999 and became full time residents in 2006. We are avid skiers and take advantage of the amenities offered by the resort. If elected to the AAFPO board, I would work to develop plans and strategies that would promote greater year round utilization of both the resort and village amenities and services. By increasing utilization, we can improve the local economy and raise property values.
