Re: Running for the Board

Three years ago I asked for your vote to become a member of the AAFPO Board. I received enough votes to become a Board Member, and I thank you. I had assumed that I would do a three year term and "retire" having done my "civic duty". I now find that my obligations are not complete.

The first two years were more "learning" than "doing". I found that the documents that direct the administration of AAFPO's business, and its relationship to the Resort, are many and complicated. Only in the past year, as your Treasurer, do I feel that I have been able to contribute more than my opinion.

As in our greater society, the board is made up of individuals with widely varying opinions. This is exacerbated by the various levels of membership that make up AAFPO (Charter, Base, and Premium). My goal for the past three years has been to educate myself on our governing documents, and to see that they are fairly and equability applied. I strive to be a "pragmatic centrist", and not lean too far one way or the other when items are debated by the Board.

If you will favor me with your vote, I pledge to maintain a course of educating myself on our governing documents, and striving to apply them equally and fairly.
